

# Ripchord

Rilo Kiley

Pull the ripcord  
The ship has lost its sail  
Your momma's got a new man  
Your daddy always fails  
And you're eating again with them  
Because nobody loves you

And even fancy things have finally lost their charm  
Wine and diamond rings they never get you anymore And you're sleeping again alone  
Because nobody loves you

And they should have seen you  
Should have known you  
Should have known what it was like to be you

So come on kid  
Look at what you did  
I don't meant it but you did yourself in  
And I was even having a good day when we found out we lost you

She said it was in the singing and the strumming  
Oh man I even saw it coming
