

We'll Never Sleep (God Knows We'll Try)

Rilo Kiley

Stealing away into the night
Won't get you any higher
We'll never sleep
God knows we'll try
The hospital is closed

And how long will it last
Before we go insane?

We circle your uncle's parking lot
Just to see how many times that we can
Before we get caught
You guessed on twenty

And how long will you stare
Before I look away?
I don't want to go

Begged them to stay
They're on holiday
Just close the door
You can watch final four
And just fall away

Sailing away just isn't right
Just because you're angry
If you go I think I might
Lose it all together

And how long will we last
Before we go insane?
I don't want to
