

## We'll Never Sleep (God Knows We'll Try)

Rilo Kiley

Stealing away into the night  
Won't get you any higher  
We'll never sleep  
God knows we'll try  
The hospital is closed

And how long will it last  
Before we go insane?

We circle your uncle's parking lot  
Just to see how many times that we can  
Before we get caught  
You guessed on twenty

And how long will you stare  
Before I look away?  
I don't want to go

Begged them to stay  
They're on holiday  
Just close the door  
You can watch final four  
And just fall away

Sailing away just isn't right  
Just because you're angry  
If you go I think I might  
Lose it all together

And how long will we last  
Before we go insane?  
I don't want to
