

Bridges

Ringo Starr

Each and every road is filled with choices
Have to decide which way to go
You can stay where you're at
Turn around or go back
Or take a chance on what's ahead, you'll never know

And down every road, you come to bridges
Some are crossed and some get burned
And some you tear down
And new ones get built from what we learn, oh, oh

Down every road we come to bridges
Crossing bridges is the best way to grow
Down every road you come to bridges
Crossing bridges is the best way to grow.

Come along from where I started
Still got a long way to go
I still got some things that need answers,
but this much I know, this much I know
If where you are now isn't working
Crossing bridges is the best way to grow
Crossing bridges is the best way to go

Down every road we come to bridges
Crossing bridges is the best way to grow
Down every road you come to bridges
Crossing bridges is the best way to go.
