

I'll Still Love You

Ringo Starr

When ev'ry song is sung,
When ev'ry bell's been rung,
When ev'ry picture's hung,
I'll still love you.

When ev'ry wind has blown,
When ev'ry seed is sown,
When ev'rything is known,
Then i'll still love you.

You know that i'll love you,
Yes, i will.
You know i'll love you, love you, love you,
Always will, until

When ev'ry soul is free,
When ev'ry eye can see,
When people all agree,
Then i'll still love you.

You know i'll love you,
Yes, i do.
When times gets so hard, you know,
I'll be there loving you.

You know i'll love you,
Yes, i will.
Yes i'm gonna hold you, need you, love you,
Always will, love you still.

When ev'ry note's been sung,
When ev'ry bell's been rung,
When ev'ry picture's hung,
I'll still love you.

I really love you.
