What could I do when I didn't know When I was young I was younger Give me an answer, its yes or no How can we wait, any longer.

So baby, don't forget this What comes around will go Maybe you'll regret this Well, maybe never knows.

Love first, ask questions later Moments pass, they won't wait for the waiter No one's ever found the power that is greatest So love first, ask questions later.

Nothing but joy in the tears we cry Nothing but light in around us Trust in each other as years go by No that forever has bound us.

It ain't so complicated
Its easy after all
It can't be overstated
The writing's on the wall.

Love first, ask questions later Moments pass, they won't wait for the waiter No one's ever found the power that is greatest So love first, ask questions later.

From all the masters through all time There's just one truth we have to find My love is yours, your love is mine.

Baby, don't forget this What comes around will go I promise you won't regret this Tomorrow never knows.

Love first, ask questions later Moments pass, they won't wait for the waiter No one's ever found the power that is greatest So love first, ask questions later.
