

# Rory and the Hurricanes

Ringo Starr

Woke up early heading for the M1.  
200 miles til we get to London.  
We were sleeping on the floor, living on bread and jam.  
Because we thought we hit the big times, we didn't give a damn.

We were Rory and the hurricanes  
(Rory and the hurricanes)  
Rory and the hurricanes.  
(Rory and the hurricanes)

Went to the dance on a friday night.  
Every London girl we asked were so uptight.  
I saw a pretty little girl she came from France.  
She said oui when I asked her to dance.  
The world was spinning like the glitter ball above.  
And already I was falling in love.

We were Rory and the hurricanes.  
(Rory and the hurricanes)  
We were Rory and the hurricanes.  
(Rory and the hurricanes)

Going down to Soho.  
Was the place you had to go.  
It was were everyone was made.  
Down to the Two eyes caf'e.  
That's where Tommy Steele would play.  
Next time we went to London town.  
We didn't do much hangin' around.  
I was with you know who.  
I played the drums like I always do.

We were Rory and the hurricanes  
(Rory and the hurricanes)  
Yeah, Rory and the hurricanes  
Rory and the hurricanes  
We were Rory and the Hurricanes
