

Touch and Go

Ringo Starr

We met on a Friday night
I saw some other guy holding you tight
I thought that I couldn't stand a chance
I caught your eye at the end of the dance
I knew from the moment we said hello
It had to be more than touch and go
It had to be more than touch and go

Let me tell you one more time
I'm so glad that you are mine
This could have been just one whole night
Now I'm gonna love you for the rest of my life
It makes me happy to know you know
This is more than touch and go
This is more than touch and go

I like it, when you're around me
I was blessed the moment you found me
From daybreak to dark night
You make everything go right
Because of you I've come to know
This is more than touch and go

It's so easy to fall in love
But hard to hold on tight enough
I live the life I was dreaming of
Now that I found you

What we found as the years go by
Is nothing changes if we don't try
To see each other's points of view
And build a love that's deep and true
Sometimes fast and sometimes slow
Everything is touch and go
Life is more than touch and go

I like it, when you're around me
I was blessed the moment you found me
From daybreak to dark night
You make everything go right
Because of you I've come to know
This is more than touch and go
Ever since we said hello
Life is more than touch and go
Life is more than touch and go.
