

Wonderful

Ringo Starr

Some days are diamonds, some days are stone
Some days we need, to leave it alone
But when we look back, at how far we've come
We know we're in it, for the long run
The worst that ever was wonderful
Better than I ever dreamed
The worst that ever was wonderful
Cause it's always been you and me
And we made it through, the way we always do
Cause for me and you
The worst that ever was wonderful

Each time I see you, I feel the same
It always getts better, the more we can change
No expectations, no room for doubt
Theres never been troubles, we can't work out
The worst that ever was wonderful
Better than I ever dreamed
The worst that ever was wonderful
Cause it's always been you and me
And we made it through, the way we always do
Cause for me and you
The worst that ever was wonderful

Each time I see you, I feel the same
It always getts better, the more we can change
The worst that ever was wonderful
Better than I ever dreamed
The worst that ever was wonderful
Cause it's always been you and me
And we made it through, the way we always do
Cause for me and you
The worst that ever was wonderful
