

Immaculate Order

Rings Of Saturn

Overwhelm pointless defenses
Survivors exposed to terrorizing unknowns
Entities from whom you won't be saved
Introduced by widespread devastation

Their origin now a living memory
An immaculate order
Earth rests within their hands

Approached by the Hyperforms
Formless creatures not bound by reality
A ferocious encounter, not one of us is safe

Gorging themselves of putrid, rotting meat
Witness to a ruthless onslaught
Swarmed by those who have been transformed
Revelation, we are in the presence of celestial gods
