On pins and needles we are waiting for the fall we count the days, scratching lines on the wall wait in the wings at someone's beck and call No longer recognize the place that i call home no longer recognize this face as my own somewhere, this fate, i lost control we backed down we took no for answers far too long we felt those walls close around

I don't want to be here anymore
I don't want to be here anymore
I don't want to be here anymore
I know there's nothing left worth staying for
your paradise is something i've endured
See I don't think I can fight this anymore
I'm listening with one foot out the door
and something has to die to be reborn
I don't want to be here anymore

On hand and foot we answered every single call And weathered every day like passing storms but when they break we will all be gone won't back down, won't take no for answers anymore these walls close we pace back and forth

I don't want to be here anymore
I know there's nothing left worth staying for
your paradise is something i've endured
See I don't think I can fight this anymore
I'm listening with one foot out the door
but something has to die to be reborn
I don't want to be here anymore

The point where we break gets closer everyday But where do we go? but where do we go?

I don't want to be here anymore
I don't want to be here anymore
I don't want to be here anymore
I know there's nothing left worth staying for
your paradise is something i've endured
See I don't think I can fight this anymore
I'm listening with one foot out the door
and something has to die to be reborn
And I don't want to be here anymore
(we need a better way, we need to let go)
(we need a better way, we need to let go)
(we need a better way, we need to let go)
(we need a better way, we need to let go)
