

Under the Knife

Rise Against

Wake me up inside
Tell me theres a reason
To take another step
To get up off my knees and,
Follow this path of most resistance
And wherever it takes us,
Whatever it faces and wherever it leads,

So wake me when its through
I don't want to feel, the things that you do (The things that y
ou do)
Don't worry I'll be fine
I just don't want this dream, wake me up inside

Something for the pain, just to kill this feeling
Though we look awake, Inside we're all still sleeping
And I've spent my time here alive, but barely there.
Do you believe we will ever make it?
Do you think we'll ever really see?

So wake me when its through
I don't want to feel, the things that you do (The things that y
ou do)
Don't worry I'll be fine
I just don't want this dream, wake me up inside

Wake me up inside
these dreams all die if we let them
wake me up inside
today wont start if we just give in
(CAUSE YOU'LL BE ANYTHING)

Just wake me when its through
I don't want to feel, the things that you do (The things that y
ou do)
Don't worry I'll be fine
I just don't want this dream, wake me up inside
