

## Forbidden Lullaby

Rise to Fall

We used to be a sole flame  
Fed with divine connection  
Now the light's turning pale  
I'm on the way to hate you  
Not forgotten - sure I'll make you pay  
But I'm still dependent -  
Give me a sigh to stay alive

I won't allow the things you say  
I just stop climbing  
Nothing will bring us back home  
The golden moments we shared  
Cause now this pain can't be mend  
I'm on the way to nullify you  
Not forgotten - sure I'll make you pay  
But I'm still dependent -  
Give me a sigh to stay alive  
Down on my knees you see me pray  
Pray for absolution  
You simply use me as a pawn  
To satisfy your gap  
And now I am in the warpath  
Another day forgotten  
You came to me as a windfall  
But now the seed is rotten  
Down on my knees you see me pray  
Pray for absolution  
Tell me what can I sacrifice  
To feel you closer  
Not forgotten - sure I'll make you pay  
But I'm still dependent -  
Give me a sigh to stay alive
