

# The Heist

## Rival Sons

I'm not a violent man  
But I can't seem to cope  
I tie a dangerous knot  
To the end of my rope

Baby, baby don't worry  
I'm coming home, home with the money  
Baby, baby don't worry  
I'm coming home, home with the money

I got four mouths to feed  
And a woman in doubt  
I'm walking in with a gun  
And I'll be rich coming out

Baby, baby don't worry  
I'm coming home, home with the money  
Baby, baby don't worry  
I'm coming home, home with the money

I slip the paper to the teller  
I got my sunglasses on  
"Stay calm" is what I tell her  
That's when I hear the alarm

Baby, baby don't worry  
I'm coming home, home with the money  
Baby, baby don't worry  
I'm coming home, home with the money

Baby, baby don't worry  
I'm coming home, home with the money  
Baby, baby don't worry  
I'm coming home, home with the money
