

Wanna Be Alright

Riverdales

I wanna be a normal human being
I wanna figure out what this all means
Wanna sit here, I wanna just relax
Wanna, wanna get you off my back

Wanna, wanna, wanna be alright
Wanna, wanna, wanna be alright

I can't stand you yellin' in my ear
Turn the music up so I can hear
Time to take the pill that calms me down
Time to get my feet back on the ground

I wanna, wanna, wanna be alright
I wanna, wanna, wanna be alright

Let's go!

I wanna, wanna, wanna be alright
I wanna, wanna, wanna be alright
I wanna, wanna, wanna be alright
I wanna, wanna, wanna be alright
