

You Know You Do

Riverdales

Oh, won't you pick up your feet
Won't you walk down the street
Like the big girls do, oh

You'll miss me when i'm gone
Will you tell me what's wrong
Cos you know you want to

You know you do
You know you do
You know you do

You know you do
You know you do
You know you do

Too many nights, I've been left out
Too many times, I've been kicked out now i'm on my own

Hold your head up so high
Look at me in the eye
Like the bad girls do, oh

Don't be crying instead
Tell me what's in your head
Cos you know you want to

You know you do
You know you do
You know you do

You know you do
You know you do
You know you do
