

Come To My Pod

Rivers Cuomo

Come to my pod
There's no one there, we'll be alone
We can talk
And if you want to, we'll get stoned
And relax, have fun
In my pod

In your pod no one knows the
Things we do,
We'll get high, if you want to
We'll sniff glue
And relax, have fun
In your pod

In my/your pod
There's no one there, we'll be
Alone
We can talk
And make love the whole night through
And relax, have fun
In my/your pod

Now that we're left alone
Touch me and kiss me and
Love me
