Beyond the Eyelids

Riverside

We are none of us...

If I still believed in me
I would lie
If I had another chance I would try
If I lost my dreams I would blame myself again
If I were myself I would be someone else

If I did't want to feel
I would stay
If I were myself I would be someone else

Cause I can
See the truth in the photograph
And with all that's mine
I need to look back inside

And this day
New life raced through my mind
So with all that's mine
I need to look back inside
