Riverside

Last time I made you up  
You looked so bright  
I was about to believe in angels

Searching my lucid dream  
Came up against  
Pictures of your imagination

Feel the pain  
Feel the pain

I am looking for you now  
Somewhere far off in my mind  
I wish you told me everything  
There is no way I can get around that  
But if this is only a dream

Does it follow  
One day must we wake up?  
But if this is only a dream  
Soon I'm cold

I feel no pain  
I feel no pain

But if this is only a dream  
Does it follow  
One day must we wake up?  
But if this is only a dream  
I can just  
Soon I'm cold

Soon I'm cold  
Last time I made you up  
You looked so bright  
I was about to believe in angels
