

I Turned You Down

Riverside

I turned you down so hastily
And it's tearing me apart
In my heart of hearts I'm screaming
In my heart of hearts I cry
And it's cold
So cold

I turned you down
Oh, I turned you down so thoughtlessly
And it's tearing me apart
In my heart of hearts I'm screaming
In my heart of hearts I cry
How I wish you told me that

I wish you'd told me that before
I wish you'd told me that before
I wish you'd told me that before

I turned you down
