

## We Got Used To Us

Riverside

When I scroll back through our recent days  
Try to understand how we could forget  
We made a promise to one another  
that nothing would ever break what we had  
Now we never talk when we fall apart  
We never talk when we fall apart

We pretend we're OK, surrounding ourselves  
with one-way friendships and so-called friends

I know we got used to new us,  
and I don't want to be there  
I don't want to be there where we are  
I know we got used to new life,  
and I don't want to be there  
No, I don't want to be there where we are

Silence fallen between  
All the doors are locked,  
all the words unsaid,  
and we're still afraid of time  
Started to keep ourselves  
at a distance that we could control  
Not too close  
Not too far  
Now we never talk when we fall apart  
We just never talk when we fall apart  
We pretend we're OK by filling up our inner space  
with little hates and so-called love

I know we got used to new us,  
and I don't want to be there  
I don't want to be there where we are  
I know we got used to new life,  
and I don't want to be there  
No, I don't want to be there where we are

I know we got used to new us,  
and I don't want to be there  
I don't want to be there where we are  
I don't want to be there  
I don't want to be there where we are  
So walk away with me
