

# Wind Up

Rizzle Kicks

Yeah, Y-yeah, yeah  
Yo  
Move to the rhythm of this move  
Fire me up with the influence  
As the DJ scratches the vinyl, yeah  
As I'm wind to the instruments  
Yo, remember this girl that I love, right  
She had me thinking of her face  
When I brush my teeth  
It was all too close for hope  
She lived down my road  
But she was up my street  
So I, I thought I'd remind her of my  
(Ay-yeah-eah-ah-ay)  
But her response might be the  
(Sa-ah-ah-ah-ame)  
I don't wanna wait another  
(Day-ay-ay-ah-ay)  
Oh, she's walking on the line  
So we started talking

I know you came to this place  
To unwind  
So how can I wind up with you?  
Wind up  
Wind up  
So how can I wind up with you?  
Wind up  
Wind up  
Wi-wi-wind up  
So how can I wind up with you?

Yo, yo  
She's a wind-up merchant  
I'm a very nice person  
I can be sunshine in your life  
So I've gotta make certain  
You don't make curtains  
These girls are so self-destructive  
Stupid guys they're ending up with  
She's the man of his dreams, oh yeah?  
Well, he's as deep as cinnamon ice cream  
And I'd reminded her of my  
(Ay-yeah-eah-ah-ay)  
She started to focus in on my  
(Fa-ay-ay-ah-ace)  
Whoah, yeah, this is the chance that I should  
(Ta-ay-ay-ay-ake)  
Go, you're talking to her now  
Yeah, so I thought I'd ask

What I'm trying to say  
Does not make sense in your brain  
I'm finding it hard to explain  
So I'm just gonna repeat myself  
Again
