

# You Need Me, I Don't Need You

Rizzle Kicks

Yeah!

Alright!

Hey listen I don't mean to seem rude,  
I just speak truth,  
Can I, get this whole scene through with some key moves,  
See, older kids told me I was a weak youth.  
Now it's just a bitterness I eat fruit,  
Even with my sweet tooth,  
Nice to meet you,  
And it's ironic how you never heard of us you were too busy wearing sheep suits,  
We don't need proof,  
To walk far in these shoes,  
We're unorthodox, let your mind 3-2,  
Yeah.  
Talk about lyrics well I got millions,  
Most of which I think you won't admit,  
Are fucking brilliant!  
And if you wanna hate then tell me,  
That line goes straight to the pussies, no Brazilians,  
Let me tell 'em,  
We're bringing something new to the table,  
Don't let anyone who knows me,  
I refuse to be nasal,  
Yeah!  
And there are bitches who aren't usually faithful,  
I keep looking to the people that I use to rate like please listen!

Cause you need me man I don't need you,  
You need me man I don't need you,  
You need me man I don't need you at all,  
You need me man I don't need you,  
You need me man I don't need you,  
You need me man I don't need you,  
You need me man I don't need you at all  
You need me,

You don't have to ask twice,  
Yeah,  
For the past 5 years,  
Had a hard time in bars fights,  
They'd laugh like,  
You ain't a rapper bruv, you aren't hype,  
No I'm sick like cancer but that ain't my fucking star sign,  
And I can't lie,  
Do not perceive me as the rapper type,  
Ain't bringin' swagger, but some fact an I analyse,  
The fact I leave an arena hanging like the stalactites,  
More for your money that's asda price,  
No I don't hassle I don't hide,  
Your acting like most guys,  
Who are having the pros hide,  
To gather they're own vibes,  
So if you wanna tell me change styles that's fine,  
Those that mind, don't matter, those that matter don't mind,

That's the message were sending,  
Insult was never intended,  
People took pleasure inventing,  
But,  
I remember the telling,  
The path was never in question,  
Were artists at work  
And I color don't need you,  
America spelling.

Cause you need me man I don't need you,  
You need me man I don't need you,  
You need me man I don't need you at all,  
You need me man I don't need you,  
You need me man I don't need you,  
You need me man I don't need you,  
You need me man I don't need you at all  
You need me man I don't neeeeed yooooooooou!
