We changed the name of this song personally, And it's going out to schlum 'cause he's a great dude. Drink Positive Drink. Think I care what is happening? Sure I do, but I'm still laughing. World problems? We All Care. But has all this rage got us anywhere? No! Keep a grin. Drink! Drink Positive. Sure, we'll sing about all our crying, Unnecessary deaths and violence. Do you think your negative attitude Is gonna give a starving man A plate full of food? No! Keep a grin. Drink! Drink Positive! Keep Laughing! Keep Laughing! Hahaha. Keep a grin. Drink! Drink Positive! Keep Laughing! Keep Laughing! Hahaha. Sure, we'll sing about all our crying, Unnecessary deaths and violence. Do you think your negative attitude, Is gonna give a thirsty man, A cup full of booze? No! Aww, shit.
