

# Tired 'N Lonely

Roadrunner United

Just what in the world has come over you  
Is it some kind of game you're playin' with me

Fed up, tired and lonely  
Gonna run away and hide  
Was riding, tryin' to get to heaven  
Was riding down the road feeling bad  
Left me standing in the doorway cryin'  
'Til my eyes begin to bleed

Just what in the world has come over you  
Shall I hold you close or let you go by  
Just what in the hell has come over you  
Is it some kind of game you're playin' with me

You left your feelings out there hanging  
Just don't know what I'm gonna do  
It's just a game, it's the same old story  
This kind of love could you ever be true  
You left me standing in the doorway cryin'  
I'd give anything to be with you

Just what in the world has come over you  
Shall I hold you close or let you go by  
Just what in the hell has come over you  
Is it some kind of game you're playin'

Just standing in the doorway cryin'  
Gonna run away and hide  
Got no place left to turn  
Is the love in your heart turning

You left me standing in the doorway cryin'

Just what in the world has come over you  
Shall I hold you close or let you go by  
Just what in the hell has come over you  
Is it some kind of game you're playin' with me
