

Hard on You

Rob Thomas

You're the best thing I ever knew
You do everything that I cant do
Sometimes I get lost in my blue
Please forgive me if im hard on you
Please forgive me if im hard on you

You and me got so much to prove
You're the only thing that I cant lose
The nights are peaceful here in our room
Please forgive me if im hard on you
Please forgive me if im hard on you

Cuz I didnt mean to be mean when I said all the things I said t
o you
But maybe the worst is the best I can do
With you
And I never want you to go but I know
I've been moving way too slow
And I fall apart cuz its all that I know

Where you running now baby blue
Please dont let it take me far from you
I've been restless ive been a fool
Please forgive me if im hard on you
Please forgive me if im hard on you
Please forgive me if im hard on you
Please forgive me if im hard on you
