

## Hard on You

Rob Thomas

You're the best thing I ever knew  
You do everything that I cant do  
Sometimes I get lost in my blue  
Please forgive me if im hard on you  
Please forgive me if im hard on you

You and me got so much to prove  
You're the only thing that I cant lose  
The nights are peaceful here in our room  
Please forgive me if im hard on you  
Please forgive me if im hard on you

Cuz I didnt mean to be mean when I said all the things I said t  
o you  
But maybe the worst is the best I can do  
With you  
And I never want you to go but I know  
I've been moving way too slow  
And I fall apart cuz its all that I know

Where you running now baby blue  
Please dont let it take me far from you  
I've been restless ive been a fool  
Please forgive me if im hard on you  
Please forgive me if im hard on you  
Please forgive me if im hard on you  
Please forgive me if im hard on you
