

# Girl on Fire

Rob Zombie

Yeah, I am the super-eye  
A blackened dream a golden eye  
Trapped in a fantasy  
A silent clown, a villain see

Mongrels of pinball filth  
Electric shrines to bogey tilt  
Dying is to get her way  
Get it, she want it

Yeah, she's on fire  
That girl's on fire  
Burn me up, burn me up  
She's on fire  
That girl's on fire  
Burn me up, burn me up

Yeah, get going under ground  
A raven hood a blanket sound  
Till thee and aggravate  
A ravaging, a frozen slate

Time square in outer space  
I kick the move right in your face  
Satanic fantasies  
Get it, she want it

She's on fire  
That girl's on fire  
Burn me up, burn me up  
She's on fire  
That girl's on fire  
Burn me up, burn me up

He is a mega man  
An electric spark a desperate man  
Track down to run away  
Live to kill another day

Mongrels of pinball filth  
Electric shrines to bogey tilt  
Dying is to get her way  
Get it, she want it

Yeah, she's on fire  
That girl's on fire  
Burn me up, burn me up  
She's on fire  
That girl's on fire  
Burn me up, burn me up

Yeah, she's on fire  
That girl's on fire  
Burn me up, burn me up  
She's on fire  
That girl's on fire  
Burn me up, burn me up
