

Revelation Revolution

Rob Zombie

Spray paint on a pentagram
On your face
Sing it hey hey yeah
X yourself from the human race
Come on hey hey yeah
We are what we are like it or not

Bow before the two headed god
Sing it hey hey yeah
A jack boot money with lightning rod
Sing it hey hey yeah
We are what we are like it or not

She got the gun get it done
Bang bang
She got the gun get it done

Carve a little jesus in your head
Come on hey hey yeah
Burn a virgin mary in your bread
Sing it hey hey yeah
We are what we are like it or not
Hey hey yeah

She got the gun get it done
Bang bang
She got the gun get it done
