

## Thunder Kiss '65

Rob Zombie

Well, sweet a little sista's high in hell cheatin' on a halo  
Grind in a Odyssey Holocaust heart kick on tomorrow  
Breakdown agony I said ecstasy in overdrive  
When you're riding on the world Thunder kiss in 1965

Yeah, wow, five yeah, wow  
Demon-warp is coming alive  
In 1965 five, five

Livin' fast and dying young like a endless poetry  
My Motor-psycho nightmare, freak out inside of me  
My soul salvation liberation on the drive  
The power of the blaster move me faster 1965

Yeah wow, five yeah wow  
Demon-warp is comin' alive  
In 1965 five, five

Aww, yeah, yeah, gimme that, gimme that now, now, now

Yeah, rollin' like a supersonic another fool that gets down on  
it  
Pig sweat a million miles, I got a heart atomic style  
Make it look easy that's what I said  
Blast of silence, explodes in my head

Yeah, yeah, yeah, gimme that, gimme that now  
Gimme that, gimme that now  
Gimme that, gimme that now  
Gimme that, gimme that

Step to the moonshine, frenzy hail the resurrection  
What's new pussycat? Can you dig the satisfaction?  
Well, you can't take it with you but you can in overdrive  
Yeah, some like it hot and twistin' 1965

Yeah, wow, five, yeah wow  
Demon-warp is coming alive  
In 1965, five, five
