

Birds Nest Bound

Robben Ford

I'm going to build me a birds nest
Right in the heart of your town
I'm going to build me a birds nest
Right in the heart of your town
And I won't worry about no men
Trying to tear my birds nest down

I'm going to build my birds nest boys
Won't be on the ground
I'm going to build my birds nest boys
Won't be on the ground
I'm going to build it so solid to you
Just can't tear it down

Yes I would be a jay bird
I'd be sipping from you well
I'd be right in the heart of your town
I'm gonna give these high brows, well

I'm going to build my birds nest boys
Won't be on the ground
I'm going to build my birds nest boys
Won't be on the ground
I'm going to build it so solid to you
Just can't tear it down

If I was a jay bird
I'd be sipping from you well
If I was a jay bird
I'd be sipping from you well
I'd be right in the heart of your town
I'm gonna give these high brows hell
