

Up The Line

Robben Ford

You used to love me
Said I was your one desire
You're actin' funny lately
Tryin' to drive my love away

But I'm cuttin' out on you baby
And I'm movin' on up the line
'Cause if I stay another day
(It's) gonna drive me out of my mind

You took me away form home
When I was just a little child
You made all kind o'promises
It all was a line of jive

So, I'm cuttin' out on you baby
Yeah, yeah, I'm movin' on up the line
And if I stay another day
(It's) gonna drive me out of my mind
Yeah, I'm movin' on up the line

The train is at the station
And I'm all packed up to go
It ain't no use in worryin'
I won't be back no more

I'm cuttin' out on you baby
Yes, I'm movin' on up the line
'Cause if I stay another day
(It's) gonna drive me out of my mind
If i stay another day
Drive me out of my mind
Movin' on up, movin' on up the line
