

New Day

Robbie Seay Band

I'm gonna sing this song to let you know that you're not alone
And if you're like me, you need hope, coffee and melody
So sit back down and let the world keep spinning 'round
For yesterday's gone and today is waiting on you to show your face

And it might not be the prettiest thing that you'll ever see
But it's a new day, ah baby, it's a new day
And it might not look like a beautiful sunrise
But it's a new day, ah baby, it's a new day

I'm a pilgrim soul, I've traveled far and come back home
And this land is hard and cold for those who long to love
And I know it might seem that the world is crumbling
But it's me and you dancing in the kitchen at 2 A.M. and we're still alive

And it might not be the prettiest thing that you'll ever see
But it's a new day, ah baby, it's a new day
And it might not look like a beautiful sunrise
But it's a new day, ah baby, it's a new day

It's the calm of the storm that comes blowing in
It's the springtime saying I'm back again
The clouds that roll by crossing moonlight
Me and you, love, everything's alright

Standing in the rain with nowhere to go
Laughing and we're spinning and I hope that you
Remember this day for the rest of your life
Me and you, love, everything's gonna be alright

And it just might be the prettiest thing that you'll ever see
Well it's a new day, ah baby, it's a new day
If you look outside to see a beautiful sunrise
Well it's a new day, ah new day, it's a new day

And it just might be the prettiest thing that you'll ever see
Well it's a new day, ah baby, it's a new day
If you look outside to see a beautiful sunrise
Oh it's a new day, it's a new day, it's a new day

It's the calm of the storm that comes blowing in
It's the springtime saying I'm back again
The clouds that roll by crossing moonlight
Me and you, love, everything's alright

Standing in the rain with nowhere to go
Laughing and we're spinning and I hope that you
Remember this day for the rest of your life
Me and you, love, everything's gonna be alright

I'm gonna sing this song to let you know that you're not alone
And if you're like me, you need hope, coffee and melody
