

Thoughts Of You

Robbie Seay Band

Thoughts of you take over me
Like darkness takes the evening sky
And for a moment i am overcome with you
Make believe could never write a story so beautiful
Than you loving me in spite of me
Its more than make believe
Your love changes me..

Black and white surround myworld
If you don't go on loving me
The colors of the rainbow will fade
To black and white
Letters that you wrote to me
I hide them deep within me
In hope that i will someday
Hold the hand that wrote letters to me
Your love changes me
