

Bruce Lee

Robbie Williams

I was a sick child, teardrop in the rain now
Whole life a hurricane of pain and doubt
No redemption if you call my name
I'm gonna rock you till you say it again and again

I'm getting better
So much better
Bruce Lee told me to be like water flowing off

Don't you go throwing shade at me
Don't you go throwing shade

Oh when you do that thing
Baby cuts a beautiful line
When you're a bright young thing
Ain't it just a beautiful life

I'm like a jet plane, cruising at a velocity
A cut vain dripping my biology
Got no dimensions ain't got no novocaine
I'm gonna sing it till i bleed it again and again
Oh come on

I'm getting better
So much better
Bruce Lee told me to be like water flowing off

Don't you go throwing shade at me
Don't you go throwing shade

Oh when you do that thing
Baby cuts a beautiful line
When you're a bright young thing
Ain't it just a beautiful life

I've got to leave this house
And go and find the others
There's got to be some freaks like me
A bit mental but we make damn good lovers

I'm getting better
So much better
Bruce Lee told me to be like water flowing off

Don't you go throwing shade at me
Don't you go throwing shade

Oh when you do that thing
Baby cuts a beautiful line
When you're a bright young thing
Ain't it just a beautiful life

A beautiful life
I love her mind
She's out of her mind
But i don't mind
I don't mind

But i don't mind
