Cursed

Robbie Williams

Dig your polished nails into the dirt Rip your skirt off, wipe the hurt off You know it tears my heart out when you Flirt with danger and any stranger

You're not as stupid as I look
Before I could read, you wrote the book

Cursed, since your birth dear And your worst fears have all come true

Held my hand when I got my first tattoo
I was naked when it penetrated
Told everyone I'd slept with you
Thought you'd like it, knew you wouldn't deny it

St Peter's gonna be unfaithful Tell God he's got a dirty angel

Cursed, since your birth dear

And your worst fears have all come true

Babe you're not the first here on earth dear

'Cause I'm still here and I'm cursed too, cursed like you

Hush, baby sleep now
We all love you we always did

Cursed, since your birth dear
And your worst fears have all come true
Babe you're not the first here on earth dear
'Cause I'm still here
And I'm cursed too, cursed like you

Hush, baby sleep now
We all miss you, we always will
