

Nobody Someday

Robbie Williams

i'm a gigolo, i'm joseph, i'm a sad lad in song
i'm everybody that i know
and being known for being wrong
and if i'm not mistaken
this is my heart breaking
i'm the man that threw it all away
destiny is calling, telling me to be boring
and i don't care anyway,
gonna be nobody someday
gonna be nobody someday
i'm the demon that you fear
i'm the joker, i'm the thief
i'm the lonesome cowboy ridin'
i'm the indian chief
gotta watch my figure
boy, if i get much bigger
they'll stick a pin in me
and i'll blow away
but i get richer
while they take my picture
taking my soul away
gonna be nobody someday
gonna be nobody someday
i'm a moonlight serenade
i'm your bed when you are cold
i'm the captain of Titanic
i'm the passenger in the hall
from the way i'm thinking
we'll both be sinking
i knew before we sailed away
hit the tip of my eagle
it's all you saw anyway
gonna be nobody someday
gonna be somebody
gonna be somebody, la la la
