

# Phoenix from the Flames

Robbie Williams

Silence shields the pain  
So you say nothing  
Feel they've rigged the game  
And you're done with lovin'  
Only you can see the darkness in the northern lights

Phoenix from the Flames  
We will rise together  
They will know our names  
Can you feel it  
Shelter me from pain  
I always wanna feel this way  
Oh yeah  
Just like a Phoenix from the Flame

Wish they'd take you back  
Cos you miss heaven  
Too many bags to pack  
So leave them where they are  
Tonight you're flying on a golden dream

Phoenix from the Flames  
We will rise together  
They will know our names  
Can you feel it  
Shelter me from pain  
I always wanna feel this way

Everybody's talking  
Nobody's listening  
Too busy thinking about what you've  
Been missing  
Everybody said you're gonna take it  
Too far baby now  
Well come on

When you're done with lovin'  
It comes down to nothing  
Can you feel it  
Can you feel it  
Can you feel it

Phoenix from the Flames  
We will rise together  
They will know our names  
Can you feel it  
Shelter me from pain  
I always wanna feel this way  
Oh yeah  
Just like a Phoenix from the Flame

Phoenix from the Flames  
We will rise together  
They will know our names  
Can you feel it  
Shelter me from pain  
I always wanna feel this way

Oh yeah  
Just like a Phoenix from the Flame

Why don't you come and deny it  
You know you can't deny it  
I always wanna feel this way  
Just like a Phoenix from the Flames
