Starstruck

Robbie Williams

You laugh at us we're different And we laugh 'cause You're all the same By the look on your face baby We've been enjoying ourselves again.

I know that you cry
I know why you try so hard.

Ready steady go, Everybody famous Everyone you know, Why'd it take you ages.

I don't have to listen

Read love like you

I've got no problem with

The physical minimal real life

Living in histerica for everybody's betterment

Isn't it a miracle, everybody's starstruck.

I guess the odds are very good But the goods are very odd And even though I talk with the Devil I only made the deal with God.

I am alarmist Knock one off the wrist, so hard.

Ready steady go, Everybody famous Everyone you know, Why'd it take you ages.

I don't have to listen
Read love like you
I've got no problem with
The physical minimal real life
Living in histerica for everybody's betterment
Isn't it a miracle, everybody's starstruck.

You want me to stop,
But you can't, can you?
I was lovely on the way up,
On the way up.

Ready steady go, Everybody famous Everyone you know, Why'd it take you ages.

I don't have to listen
Read love like you
I've got no problem with
The physical minimal real life
Living in histerica for everybody's betterment
Isn't it a miracle, everybody's starstruck.

Ready steady go...

I don't have to listen
Read love like you
I've got no problem with
The physical minimal real life
Living in histerica for everybody's betterment
Isn't it a miracle, everybody's starstruck.

Ready steady go.
