

Talk to Me

Robbie Williams

Close the door, turn out the light
There's something really wrong tonight
With you, me and you
You say you're too young to love and too old to hate
Remote control keeps you awake, so turn me on

Maybe you could talk and make my day
You don't have to walk away to

Stay with me
Make me change
Answer me
Break the chain

News at ten, "Eastenders" and another cup of tea
And then a fight, baby, not tonight
'Cuz I'm not dressed to be a clown
I'm not in the mood for shouting loud

Talk to me
Break the chain
Talk to me
Make me change

Do you keep your lover out of sight?
'Cause you smell like someone else tonight
Well alright, alright

Talk to me
Break the chain
Talk to me
Make me change
Answer me
Answer me
Answer me
Answer me
