

# You Know Me

Robbie Williams

If a man could be his own fantasy  
Then to only breed in captivity  
Is pointless  
I've been doing what I like, when I like, how I like it's joyless  
Only you know me

What a waste of war this peace,  
Baby steps and two more sleeps  
Till I get to say sorry  
I get hysterical, historicals, of love it's just chemical  
Give us something to stop me  
Only you know me

Since you went away, my heart breaks everyday  
You don't know cos you're not there  
You simply found the words to make  
All modern feelings fade away  
Only you know me

I'm doin' fine  
And the sun often shines  
What are you thinking?  
I done bruised up my mind  
With this thunderbird wine  
Baby, I'm drinking  
Only you know me

Since you went away, my heart breaks everyday  
You don't know cos you're not there  
You simply found the words to make  
All modern feelings fade away  
Only you know me  
Only you know me

Since you went away, my heart breaks everyday  
You don't know cos you're not there  
You simply found the words to make  
All modern feelings fade away  
Only you know me  
Only you know me  
Only you ou ou  
Only you  
Only you know me
