```
You find you can't
Get away from your trouble
Hang on
It will soon fade away
Nothin' stays the same
Just like night turns to day
Hang on
Cause it's fadin' away
I feel the gloom and despair % \frac{1}{2}\left( \frac{1}{2}\right) =\frac{1}{2}\left( \frac{1}{2}\right
Everything is turned around
And sometimes it just isn't fair
You get kicked when you're down
Remember, the good times always follow the bad
Pretty soon
It will all fade away
Cause you can't go back
To what you never had
Hang on
Cause it's fadin' away, fadin' away
If this lonely world seems so damn cold
And you find yourself
Losin' control
Hang on
Hang on
Oh, when you're feelin' sad
That you've been misled
Hang on
They'll soon fade away
Ain't it a shame?
No one takes the blame?
Hang on
Cause they're fadin' away, fadin' away
They're fadin' away
Ain't it a shame?
Hev!
Fadin' away, fadin' away
Nothing stays the same
No!
Fadin' away, fadin' away
Like night turns to day
Hey!
```

Faded away, faded away

Faded away

Nothing stays the same

Hey!!!

Fadin' away
