

# False Accusations

Robert Cray

False accusations  
Led to a fight  
I was so wrong  
She's gone tonight

I was so wrong  
I can see it now

Jealously had twisted me somehow

Yes it did, and I know it did

False accusations  
I can't take back  
My mouth was moving  
Ohh, but you know that my mind was off track

I was so wrong  
She's gone now

Jealously had twisted me somehow  
Yes it did

Jealousy, jealousy  
It's got me so mad  
Red is all I see

I heard one rumor, let my anger fly  
But she had an air-tight allabi

Jealousy, jealousy  
It's got me so mad  
Red is all I see

I heard one rumor, let my anger fly  
But she had an air-tight allabi

Hey, hey, hey

False accusations  
Made her so mad  
She packed the few  
Good things we had

I was so wrong, yeah, yeah  
I can see it now

Jealously had twisted me somehow  
Yes it did, and I know it did

You know that I made  
False accusations
