

I Can't Fail

Robert Cray

You just never know,
How life will unfold,
Are the dreams we have just fairy tales,
Hope I'm wrong, I can't fail

I see you work hard,
And you rarely crack a smile,
Never weep when you're not well,
You're the reason I can't fail,

I'm always by your side,
We've got a long story to tell,
Just don't you be afraid,
Somehow we'll find us a brand new way,

Time's treated us kind,
We're lucky that we don't feel the course,
The road is sometimes filled with nails,
Just hold on love is strong,
You're the reason I can't fail,

Hold on Love is strong,
You're the reason I can't fail.
