

# Stay Go

Robert Cray

You never stay  
You're on the go  
Three times a day  
Or maybe more

Where you run to  
I just don't know  
I turn around  
You've got the Ford

Didn't put any gas in it  
When you brought it back

You're out last night  
The night before  
And the night before that

Oh, you're starting to worry me  
Can I have the car keys back?

In, out  
In, out  
In and out  
Just like a cat

Never, ever stay at home, babe  
If you're here it's just to change clothes  
This in and out is driving me crazy  
Are you gonna stay or are you gonna go?

I'd love to have a date with you  
Being my wife and everything

Tomorrow morning  
When you get home  
You're gonna find  
There's something wrong

I sold the car  
And hid the phone  
So you and I  
Can be home alone

Now maybe we can take a walk together or something  
That'd be real nice

Stay go  
Stay go  
Stay go  
Stay go

Stay go  
Stay go  
In, out  
Stay go
