

## T-Bone Shuffle

Robert Cray

Let your hair down, baby  
Let's have a natural ball  
Let your hair down, baby  
Let's have a natural ball  
If you don't let your hair down, woman  
We can't have no fun at all

Oh you can't take it with you  
That's one thing for sure  
Oh you can't take it with you  
That's one thing for sure  
There ain't nothin' in the world  
That the T-Bone Shuffle won't cure

Run here, baby  
Sit down on your daddy's knee  
Run here, baby  
Sit down on your daddy's knee  
I've got something, pretty baby  
Something's that's ailing me
