

# The Moon Is Full

Robert Cray

You know the moon is full?  
I feel my love coming down  
I said the moon is full  
I feel my love coming down  
You see I met this little girl  
I don't think I wanna wanna wanna leave this town

You see all my friends call me crazy  
But they just don't know how I feel inside  
I said all my friends call me crazy  
They just don't know how I feel inside  
You see I love this little girl  
'Cause she got the little pretty brown eyes  
Ah, look out brother Robert!

I'm gonna take the train in the mornin'  
I think I'm gonna go back home  
I said gonna catch that train in the morning, y'all  
I think I'm gonna go back home  
I'm gonna let my little girl know  
Ole' a l ain't gonna be gone, I be gone too long

Wait a minute

If I miss that train, dang  
I guess I'm gonna have to hitchhike  
I said if I miss that train in the morning, y'all  
I guess I'm gonna have to hitchhike  
I'm gonna let my little girl know  
I'll just be gone, be gone overnight  
Oh, yeah
