

What About Me

Robert Cray

What about me?
What about me?
What about me?
What about me?
What about me?
What about me?
Oh!!!!
What about me?
What about me?

I'm hear all by myself
What about me?

Hey, hey, hey

You winked your eye when you caught my glance
So we sat and talked for a while
As the night grew thin, you're friend walked in
Damn!!
Hey, hey!!

What about me?
What about me?
Oh!!!!
What about me?
What about me?
What about me, baby.
You got up and left
Never said goodbye
What about me?
Hey, hey, hey!

Oh, man!!
I guess I can forget about that one
You talk about hurt
I must have used a thousand lines
Couldn't get a single one to work
But if EVER I should cross your mind
You know exactly where I'll be
Right here where you left me crying
Damn!!!
Hey, hey!!!!

What about me?
What about me?
Hey, baby
Me!
What about me?
I have needs, baby!
What about me?
Baby
Oh, I've got needs
