

# Long Way Down

Robert DeLong

I've been fucking around while you've been saving the world  
I've been out of my mind  
I've been dreaming things and scheming things  
I've been smoking the poison  
You've been slinging your anecdotes  
I've been fucking around while you were saving the world  
From nothing

The end, the end  
Things will never go our way  
In the end, the end  
Things will never go

So take it in, don't hold your breath  
The bottom's all I found  
We can't get higher than we get  
On the long way down

On the long way down  
On the long way down

Burning night in my eyes, blinding me from the truth  
If there's a shadow in me  
The dark is a tidal wave inside of you  
Taking shots at communion  
Getting drunk on your antidote  
I'll save you a seat next to me down below

The end, the end  
Everyone will go away  
In the end, the end  
Everything will go

So take it in, don't hold your breath  
The bottom's all I found  
We can't get higher than we get  
On the long way down

On the long way down  
On the long way down

Oh, ooh, oh, oh, ooh, oh, oh, oh (4x)

On the long way down  
On the long way down, down, down

So take it in, don't hold your breath  
The bottom's all I found  
We can't get higher than we get  
On the long way down

On the long way down  
On the long way down

So take it in, don't hold your breath  
The bottom's all I found  
We can't get higher than we get

On the long way down

On the long way down

On the long way down
