

## Song For Kathy

Robert Earl Keen

Kathy there was time when I thought  
of no one else but me and myself  
being on my own.

And how can I start to apologize for  
not being there to dry your eyes when  
you were all alone

Flesh and blood Kathy,  
Eye to Eye,  
You're my friend and family,  
You've been good kathy,  
to me and I know that,  
that's as good as good can be

Kathy do you remember when I,  
fell in love with one of your friends and,  
we left you by yourself.  
You were all torn up inside but,  
for my sake you tried to hide the,  
hurtin that you felt.

Flesh and blood Kathy,  
Eye to Eye,  
You're my friend and family,  
You've been good kathy,  
to me and I know that,  
that's as good as good can be

Kathy all grown up now with,  
pretty eyes and mountain flower,  
coming into bloom.  
And sometimes you know the words aren't there to,  
say the things you need to hear,  
So I wrote this song for you.

Flesh and blood Kathy,  
Eye to Eye,  
You're my friend and family,  
You've been good kathy,  
to me and I know that,  
that's as good as good can be.  
You've been good kathy,  
to me and I know that,  
you're as good as good can be
